TOWN WARRANT

WORCESTER, SS.

To either of the Constables of the Town of Millbury, in the County of Worcester, Greeting:

In the name of the Commonwealth of Massachusetts, you are directed to notify and warn the inhabitants of the Town of Millbury qualified to vote in elections and town affairs to meet at the Town Hall, in said Millbury, on Monday, the 5th day of February, next, at six o'clock in the forenoon, to elect the following officers, to wit:

Article 1. To choose a Town Clerk, Treasurer, Collector of Taxes, Auditor, Moderator, Six Constables, Tree Warden, Highway Surveyor, Three members of the Board of Selectmen and one member of the Board of Public Welfare, all for the term of one year; One Commissioner of Cemeteries for the term of two years; One member of the School Committee, One Assessor, One member of Board of Health, Two members of Board of Public Welfare, One Trustee of Town Library, and one Commissioner of Cemeteries, all for the term of three years: and one member of the Millbury Housing Authority, for the term of five years, all to be voted for on one ballot.

Article 2. To choose all other necessary Town Officers for the year ensuing.

And to meet on March 10, 1951 at 2:00 P.M. in the Town Hall, in said Millbury, to act on the following articles, to wit:

Article 3. To hear the reports of several Town Officers and Committees and act thereon.

Article 4. To raise and appropriate such sums of money as may be necessary to defray Town Charges for the year ensuing, including sums for the lighting of streets, the maintenance of the Town Library, the observance of Memorial Day, Care and improvement of cemeteries, care of clocks, care of fire alarm, the use of the Tree Warden, the use of the Department of Veterans' Services, salaries of Fire Department, and Police Retirement, Pensions, or take any action thereon.

Article 5. To choose any committee or committees that may be thought necessary.

Article 6. To see if the Town will vote to raise and appropriate the sum of \$1000.00 for the purpose of making repairs to per-

manent sidewalks under the supervision of the Highway Surveyor, or take any action thereon.

Article 7. To see if the Town will vote to raise and appropriate or transfer from available unappropriated funds in the Treasury the sum of \$3900.00 for Chapter 90 Maintenance, or take any action thereon.

Article 8. To see if the Town will vote to raise and appropriate or transfer from available unappropriated funds in the Treasury the sum of \$12,000.00 to be expended in conjunction with any money which may be allotted by the state or county, or both, under the provisions of Chapter 90 of our General Laws, to continue the reconstruction of Riverlin Street, or take any action thereon.

Article 9. To see if the Town will vote to raise and appropriate or transfer from available funds in the Treasury the sum of \$3600.00 to be expended in conjunction with any money which may be allotted by the state or county, or both, under the provisions of Chapter 90 of our General Laws, to reconstruct Creeper Hill Road, so called, or take any action thereon.

Article 10. To see if the Town will vote to raise and appropriate the sum of \$100.00 to be paid to the West Millbury Cemetery Association for the care of neglected soldiers' graves, or take any action thereon.

Article 11. To see what action the Town will take regarding the hiring of two or more policemen to patrol our streets and to raise and appropriate money for same, or take any action thereon.

Article 12. To see if the Town will authorize the Assessors to print the Valuation and Tax List and raise and appropriate money therefor, or take any action thereon.

Article 13. To see if the Town will vote to raise and appropriate the sum of \$750.00 to be paid the Millbury Society for District Nursing, or take any action thereon.

Article 14. To see if the Town will vote to authorize the Town Treasurer with the approval of the Selectmen to borrow money from time to time in anticipation of the revenue of the financial year beginning January 1, 1951, and to issue a note or notes therefor, payable within one year, and to renew any note or notes as may be given for a period of less than one year in accordance with Section 17, Chapter 44, General Laws.

Article 15. To see if the Town will vote to authorize the Selectmen to sell, after first giving notice of the time and place of sale by posting such notice of sale in some convenient and public place

in the Town, fourteen days at least before the sale, property taken by the Town under Tax Title Procedure provided the Selectmen or whomsoever they may authorize to hold such public auction may reject any bid which they deem inadequate, or take any action thereon.

Article 16. To see if the Town will vote to raise and appropriate a sum of money to provide for extraordinary or unforeseen expenditures under the provisions of Chapter 40, Section 6, of the General Laws of Massachusetts, to be known as the Reserve Fund, or take any action thereon.

Article 17. To see if the Town will vote to raise and appropriate \$50.00 to be paid to the Trustees for County Aid to Agriculture, in accordance with the provisions of and for the purpose of Chapter 128, General Laws.

Article 18. To see if the Town will vote to authorize the Treasurer, with the approval, of the Selectmen, to borrow money for the general municipal purposes under authority of, and in accordance with the provisions of Chapter 49, of the acts of 1933, and amendments thereto, or take any action thereon.

Article 19. To see if the Town will vote to raise and appropriate the sum of \$500.00 to be used by the Selectmen to settle claims for personal property damage or incidental personal injury claims that may be brought against the Town, or take any action thereon.

Article 20. To see if the Town will vote to raise and appropriate a sum of money to be expended by the Treasurer for filing fees and the necessary expenses of foreclosing certain Tax Titles now held by the Town, or take any action thereon.

Article 21. To see if the Town will vote to raise and appropriate a sum of money to install a relay tie between East Millbury and Center fire headquarters in this state of emergency, or take any action thereon.

Article 22. To see if the Town will vote to raise and appropriate a sum of money to relocate the curbing on the Easterly side of Wheelock Avenue for a distance of 400 feet from Ulric Gravel home; complete the laying of new curbstone on Westerly side of Wheelock Avenue from Iver Nelson home; resurface Wheelock Avenue, where necessary, due to the relocation of curbing and construct new black-top sidewalks, or hard-surface top sides of said avenue for distance of 650 feet, or take any action thereon.

Article 23. To see if the Town will vote to contract with the Massachusetts Water Works Company to install one hydrant on

Millbury Avenue, opposite the home of Alice M. Gladding, and raise and appropriate a sum of money for same, or take any action thereon.

Article 24. To see if the Town will vote to contract with the Massachusetts Water Works Company and raise and appropriate a sum of money to place a hydrant on Millbury Avenue near the residence of Edward Gedymin, or take any action thereon.

Article 25. To see if the Town will vote to raise and appropriate the sum of \$1000.00 to resurface and oil Ward Avenue, or take any action thereon.

Article 26. To see if the Town will vote to raise and appropriate a sum of money to install a street light on Pole No. 6 on Miles Street, or take any action thereon.

Article 27. To see if the Town will vote to raise and appropriate a sum of money to install one (1) street light on Millbury Avenue, Pole No. 40, or take any action thereon.

Article 28. To see if the Town will vote to raise and appropriate a sum of money to install one (1) street light opposite the home of John Neiduski on Benton Street, or take any action thereon.

Article 29. To see if the Town will vote to raise and appropriate a sum of money to install three or four street lights on Croyden Street, or take any action thereon.

Article 30. To see if the Town will vote to raise and appropriate a sum of money to place two street lights on Glover Road, or take any action thereon.

Article 31. To see if the Town will vote to raise and appropriate a sum of money to install one (1) street light on Ackerman Road, or take any action thereon.

Article 32. To see if the Town will vote to raise and appropriate a sum of money to install two streets lights on Ward Avenue to be located on the second and fourth poles, or take any action thereon.

Article 33. To see if the Town will vote to raise and appropriate a sum of money for the installation of one street light on Grove Street (between Waters and River Streets), or take any action thereon.

Article 34. To see if the Town will vote to raise and appropriate or transfer from available funds a sum of money to widen the curve on Elmwood Street between the junction of Beach Street and the home of Carl Swenson, to eliminate a dangerous condition where several near serious accidents have occurred due to a steep embankment, or take any action thereon.

Article 35. To see if the Town will vote to raise and appropriate a sum of money for the purpose of constructing a sidewalk on the easterly side of Miles Street beginning at Hamilton Street and running northerly, or take any action thereon.

Article 36. To see if the Town will vote to provide separate quarters for the AMVETS Millbury Memorial Post No. 109 and raise and appropriate a sum of \$800.00 for this purpose, or take any action thereon.

Article 37. To see if the Town will vote to sell a piece of land approximately $\frac{1}{4}$ of an acre in size, lying southerly of the southerly boundary of the present line of Wheelock Avenue and easterly of the bridge crossing Dorothy Pond, to James Cristo, Sr. for the sum of \$25.00 and authorize the Selectmen to execute and deliver a deed of the same, or take any action thereon.

Article 38. To see if the Town will vote to raise and appropriate a sum of money to install a surface water drain on Heather Avenue, or take any action thereon.

Article 39. To see if the Town will vote to abolish the office of Highway Surveyor, and to elect in his stead, three Highway Commissioners, one for a term of one year, one for a term of two years, and one for a term of three years; said change to take effect at the annual election of Town Officers for the year 1952, or take any action thereon.

Article 40. To see if the Town will vote to raise and appropriate the sum of \$4000.00 to install a subdrain 530 feet long on the northerly side of West Main Street between Rhodes Street and Gould Street, and to provide an additional pipe which will properly dispose of the water from the said subdrain, or take any action thereon.

Article 41. To see if the Town will vote to accept Ellenwood Road from Grafton Street to President Road as a public street, or take any action thereon.

Article 42. To see if the Town will vote to accept the street known as Ackerman Road as shown on a plan of land recorded with the Worcester District Registry of Deeds, Book 38, Page 44, as a public street, or take any action thereon.

Article 43. To see if the Town will vote to raise and appropriate a sum of money for repairs and oiling Ackerman Road, or take any action thereon.

Article 44. To see if the Town will vote to accept as a public street, Dewey Avenue, from North Main Street to Martin Street,

or take any action thereon.

Article 45. To see if the Town will vote to raise and appropriate a sum of money to repair Rogers Street from Cross Street to the home of Alfred F. Martin, or take any action thereon.

Article 46. To see if the Town will vote to raise and appropriate a sum of money for the construction of a Highway Department Garage on the site owned by the Town at the junction of River and Elm Streets, under the supervision of the permanent Building Committee, or take any action thereon.

Article 47. To see if the Town will vote to accept as a public street MacArthur Drive, so-called, as shown on plan filed with the office of the Town Clerk and laid out by the Board of survey, or take any action thereon.

Article 48. To see if the Town of Millbury will vote to raise and appropriate or transfer from available funds in the town treasury, the sum of \$2,000.00 to resurface and oil MacArthur Drive, or take any action thereon.

Article 49. To see if the Town will vote to raise and appropriate a sum of money for the purpose of re-surfacing and re-grading Brightside Street, so-called, or take any action thereon.

Article 50. To see if the Town will vote to raise and appropriate a sum of money to construct a sidewalk on the easterly side of Riverlin Street from Brightside Street to a point opposite the Hill property, or take any action thereon.

Article 51. To see if the Town will vote to raise and appropriate the sum of \$3500.00 to paint the interior of the junior high school building and to completely renovate the girls' toilets, or take any action thereon.

Article 52. To see if the Town will vote to raise and appropriate a sum of money to erect a suitable memorial to the Veterans of World War II and to select the location of such memorial, or take any action thereon.

Article 53. To see if the Town will vote that all items over \$500.00, to be purchased by Town Departments, shall be advertised for bid and all bid prices published after bid, or take any action thereon.

Article 54. To see if the Town will vote that an itemized town report shall be made and printed in the town book every year by the heads of all town departments, or take any action thereon.

Article 55. To see if the Town of Millbury will vote to accept as a public street, Memorial Drive, located on the Millbury Housing

Project on Grafton Street, as laid out by the Millbury Housing Authority and shown on Plan of said Veterans' Housing Project on file with the Town Clerk, or take any action thereon.

Article 56. To see if the Town of Millbury will vote to raise and appropriate a sum of money to meet cost of maintaining five street lights on Memorial Drive on the Millbury Housing Project located off Grafton Street, or take any action thereon.

Article 57. To see if the Town will vote to name or re-name the following intersections in honor and memory of the following veterans who died in service of their country, and to raise and appropriate a sum of money for same

SQUARES AND INTERSECTIONS

Hamilton and Miles Streets, Robert S. Howard; Maple and Providence Streets, Charles I. Brewer; North Main and Martin Streets, Donald Brewer; Ackerman Road and Grafton Street, Irving A. Harris; West Main and Elmwood Streets, Charles F. Minney; Waters and West Streets, Roland J. Morrisette; West Main and High Streets, Martin J. Sharron.

or take any action thereon.

Article 58. To see if the Town will vote to accept the provisions of Chapter 820 of the Acts of 1950 providing an increase in pension to certain town employees now on pension, or take any action thereon.

Article 59. To see if the Town will vote to continue federal rent control beyond March 31, 1951 in accordance with the provisions of the new federal rent control extension law P.L. No. 880, or take any action thereon.

Article 60. To see if the Town will vote to raise and appropriate the sum of \$3000.00 to be expended by the Civil Defense Director for necessary equipment and other purposes required under the Civil Defense Act, or take any action thereon.

Article 61. To see if the Town will vote to raise and appropriate the sum of \$500.00 for the purchase and installation of new chairs in the Town Hall Balcony, or take any action thereon.

Article 62. To see if the Town will vote to raise and appropriate the sum of \$900.00 to reconstruct and repair a portion of the sidewalk on the southerly side of Grove Street from Waters Street to a point at the easterly line of Assumption Parish land, or take any action thereon.

Article 63. To see if the Town will vote to raise and appropriate the sum of \$300.00 to repaint the school safety zones under the supervision of the Police Department, or take any action thereon.

Article 64. To see what action the Town will vote to take relative to garbage removal and disposal within the town limit and to raise and appropriate a sum of money for such purpose or take any action thereon.

Article 65. To see if the Town will vote to accept the following Proposed Building Regulations:

TOWN OF MILLBURY, MASSACHUSETTS

PROPOSED BUILDING REGULATIONS

(These regulations will not become effective until accepted by the Voters at a Town Meeting, approved by the Attorney General, and have been published three times in a local paper).

ARTICLE NO. 1

DEFINITIONS

Section 1. This and the following provisions containing a portion of the By-Laws of the Town of Millbury, Massachusetts, shall be known and cited as the Building Regulations and shall apply generally to structures and buildings in said Town, except bridges and any property owned or occupied by the Town, United States and/or Commonwealth.

Section 2. Building Operations Defined. The words "Building Operations" as used in these regulations shall include the construction, repair, alteration, enlargement of buildings, and of structures and parts of same, and the moving, demolition and

excavating therefor. Unless otherwise expressed the words "Building" and "Building Operations" shall not apply to structures under six feet in length and less than six feet in height and which occupy not over 150 cubic feet above ground.

Section 3. Board Defined. The word "Board" as hereinafter used shall mean a Board of Building Operations and shall consist of four members, as follows: the Fire Chief, the Chairman of the Board of Assessors, the Chairman of the Board of Health, and the Town Clerk, ex-officio.

Section 4. Any work lawfully begun and carried on in good faith before these regulations become operative may be continued to completion according to law and regulations then in effect, but shall conform hereto as far as practicable without hardship.

Section 5. No person shall construct, alter, repair, demolish, move or substantially repair a building or structure, except ordinary repairs as hereinafter provided, without first having obtained a permit for same from the Board.

Section 6. Ordinary repairs to a structure or to an appurtenance thereof which do not effect any requirements of these regulations may be made without a permit. By "Ordinary Repairs" is meant reshingling, residing, painting, repairs to windows, piazzas or other appurtenances to the EXTERIOR of the Building; or the repainting, papering and necessary repairs to the INTERIOR.

ARTICLE NO. 2

APPLICATIONS

Section 1. All applications for a permit shall be in writing on forms approved by the Board, and shall give the full name, residence and business address of the title owner of the property, or lessee, if any, and of any authorized representative to whom notice shall be sent for any violation of the regulations and shall state the intended use of the building or structure.

Section 2. The application shall show the name of the surveyor, if any, and the location of the premises; a sketch showing the length of all lot lines, passageways; street lines, fences, and walls; number of stories, nature of building material, nature of roofing material, nature of alteration, approximate cost of structure or alteration, and also the book and page number of the recording of the deed in the Registry of Deeds. If building is to be demolished it shall show its location. If Building is to be moved it shall show its old as well as its new location.

Section 3. Application for an amendment to the original application may be made at any time prior to the completion of the building operation.

Section 4. All applications, plans and other papers deposited either temporarily or permanently with the Board shall be dated and marked for identification by the Clerk of the Board as soon as received. All plans and other papers, after the Board has granted or refused the permit, shall be returned to the petitioner, except such as may be necessary for permanent record.

Section 5. Application blanks may be obtained at the office of the Town Clerk and whom applying for a permit shall be filed with the Town Clerk. There shall be no charge for the application blank.

ARTICLE NO. 3

PERMITS

Section 1. The Board shall approve or reject the application within 14 days from date of filing the original application or an amendment thereof, and if all the requirements of these regulations and other laws have been complied with, shall issue promptly a permit for such operation, and notice of the granting of such permit shall be published promptly in a local paper.

Section 2. No permit shall be issued by the Board until after a public hearing of which due notice shall be given by registered mail, return receipt requested, at least ten days before such hearing, to all holders of real estate that might be effected thereby, whenever the application covers a public garage, filling station, slaughter house, stable, hospital, home for mentally deficient, aged and indigent persons, home or school for mentally retarded children, airplane hangar, trailer camps, philanthropic institutions, or any structure for the purpose of a quarry, fuel or junk yard, or cemetery or any establishment that would be offensive because of injurious, noxious, or obnoxious odors, gas smoke, noise, vibration, dust or other objectional features, or that would be hazardous to the community because of fires, explosions or other cause that would be a violation of any of these regulations. The Board shall not give its approval without considering the effect upon the neighborhood and the Town, and if a permit would result in substantial injury, it shall be refused. If granted, it shall embody such special conditions as the Board may require and may be revoked if the conditions are violated.

Section 3. All permits shall be issued in triplicate on printed

forms approved by the Board, the original to be given to the petitioner, one copy to the Assessors and one copy retained by the Board. The permit shall comprise the name and address of the party to whom the permit is issued, the nature of the building operation authorized, the class and purpose of the building or structure, together with any other reasonable information or condition the Board may deem necessary. No building operation shall be commenced or continued until the required application has been approved by the Board and a permit issued.

Section 4. Each permit shall state a definite day, not more than one year from date of issue, before which the operation for which it was issued shall be begun, and permits on which no work has been begun and carried on in good faith shall expire by limitation on said date. Permit shall be posted in a conspicuous place, and protected from the weather, at the site of the building operation.

Section 5. No change in the character of the occupancy or use of a building inconsistent with the provisions of these regulations or inconsistent with the occupancy and use authorized by the permit, shall be made by the owner, lessee or agent therefor unless he shall first file an application therefor with the Board and obtain a permit or certificate authorizing such a change.

Section 6. There shall be no charge for the permit.

ARTICLE NO. 4

BOARD OF APPEALS

Section 1. There shall be a Board of Appeals which shall consist of the members of the Town Finance Board to which all persons aggrieved by the refusal of the Board to issue a permit under the provisions of these regulations or to a decision of said Board, may appeal. This appeal shall be in writing and be filed with the Town Clerk and shall be acted upon by the Board of Appeals within ten days from date of filing of such an appeal, the petitioner reserving all rights to appeal for a final determination through the court.

ARTICLE NO. 5

Section 1. No plan or specification shall be required for buildings for general farm purposes. Any lawful use of a building or part thereof at time of adoption and approval of these regulations may be continued although such does not conform to the provisions of these by-laws.

Section 2. Nothing in these by-laws shall be construed as repealing or nullifying any existing by-law or regulation of the Town, but shall be in addition thereto.

Section 3. Whoever violates any provision of these by-laws shall be punished by a fine not exceeding One Hundred Dollars (\$100.00) for each offense.

Section 4. The Board shall see that the provisions of these by-laws are strictly enforced, and to that end shall have authority to institute proceedings for the purpose of enforcing the provisions thereof, or preventing violations of said provisions or enjoining the maintenance of any structure erected contrary thereto.

Section 5. Those by-laws shall take effect as provided by law.

The polls will be open at 6:00 A.M. and shall be closed at 6:00 P.M.

And you are directed to serve this warrant by posting up an attested copy thereof at each of the Post Offices and at the First Congregational Meeting House in Bramanville, and at the Fire Station located on Wheelock Avenue, East Millbury, and at Ruskin's Store at Dority Pond, and at Davenport's Store on Park Hill Avenue, in said Town, seven days at least before the time of holding said meeting.

HEREOF fail not and make return of this Warrant with your doings thereon to the Town Clerk at the time and place aforesaid.

Given under our hands this 24th day of January in the year one thousand nine hundred and fifty-one.

Selectmen of Millbury.

LEO L. CREPEAU

JOHN W. HIGGINBOTTOM

LAWRENCE J. ARMY

Constable of Millbury.

Attest:

Millbury, Mass.-

Report of Selectmen

To the Citizens of Millbury :

GREETINGS.

The Board of Selectmen submit for your consideration the reports of the various Town Departments and Officials for the year ending December 31, 1950.

The statements of the Treasurer and Auditor show the Town to be in healthy financial condition.

Among the outstanding achievements of the year has been the completion of the Veterans' Housing Project on the Grafton St. site, thereby providing twenty-five new modern units for Veterans' families.

The Permanent Building Committee has completed all of the specified work on the Town Hall which has not only made the building safe for public use, but has also greatly improved its appearance.

The remaining west section or front of the building should receive immediate attention, as the condition of the roof, loose slate and coping present a dangerous hazard to public safety.

The Permanent Building Committee has also devoted many hours to planning and conferences in relation to the necessary preliminary work in connection with the proposed new High School Building. Its efforts on the project has received the approval of the School Building Assistance Commission on both plans and site.

The State will reimburse the Town for one-half the cost of the building.

In the matter of taking initial steps for setting up a Civil Defense program the Selectmen appointed Fred H. Vultor as its director. It will be necessary for all citizens to observe all directions issued as safety measures.

The Selectmen wish to record and express appreciation for the cooperation given them by all Town Officials during the year.

Respectfully submitted,

LEO L. CREPEAU

JOHN W. HIGGINBOTTOM

LAURENCE J. ARMY

Selectmen of Millbury.

Report of Auditor

Millbury, Mass., January 30, 1951.

I hereby submit my Annual Report of the Cash Receipts and Expenditures, Financial Report and Appropriation Balances for the year ending December 31, 1950.

Respectfully yours,

JAMES J. CASSIDY,
Auditor.

Respectfully submitted,

STEPHEN F. BELLVILLE,

Collector of Taxes.

Veterans' Service Department

December 31, 1950.

To the Honorable Board of Selectmen:

As Director of the Department of Veterans' Services and Veterans' Agent in the Town of Millbury, I hereby submit my report of activities and services rendered for the year 1950.

2015 Visits to the Center by Veterans, or their dependents, seeking various information pertaining to their rights and benefits, under Federal and State Laws.

- 37 Original Discharges recorded, bringing the total of official recordings to 841. There are still many Veterans who have not had their discharges recorded, and who should have this done.
- 190 Photostatic copies of discharge papers were made. In addition to this, many copies of Marriage, Birth, Death, Divorce, and other certificates were photostated for use with Veterans' Benefits claims, and claims against the Veterans' Administration.
- 25 Claims for Abatement of Real Estate Taxes filed by disabled Veterans, Widows and Gold Star Parents.
- 16 Cases pertaining to Lost Discharges, State Bonus, Burial Allowance.
- 56 Young men who reached the age of 18 were registered for the draft.
- 258 Claims were filed with the Veterans' Administration and other branches of the Government, pertaining to Education, Training, Subsistence Allowance, Gratuity Payments, Insurance Payment, Medical Treatment, Hospitalization, Compensation and Pension for Veterans and their dependents. Of these, 24 cases were referred to Cushing V. A. Hospital for hospitalization, and 39 cases were referred to the Veterans' Administration for medical treatment outside hospitals.

Retroactive awards for Education and Training received for our Veterans, totalled \$2,443.00. Benefits received from National Service Life Insurance totalled \$11,436.40, with another \$9,000.00 to come within the next three months. Retroactive awards received for Pensions, Compensations and Gratuities totalled \$7,844.82. The estimated amount to be received annually by our local Veterans, as a result of Pensions and Compensation filed and reviewed during the year 1950 will total \$30,391.50.

This phase of our work not only helps to increase the purchasing power within our Town, but is closely related to, and has a direct effect upon our program of Veterans' aid. Under the Laws of the Commonwealth, if a Veteran, or his dependents meet all the requirements of eligibility, and he falls in need of financial assistance, through no fault of his own, he is granted Veterans' Benefits. The amount varies, and is dependent upon the particular needs of the individual case. Any amount received in Federal Benefits is deducted from the amount that is allowed by this department, and therefore helps to reduce that which must be expended by the Town.

Veterans' Benefits:

A total of 115 applications for Veterans' Benefits were received during the year ending December 31, 1950.

107 Cases with Millbury Settlements.

7 Cases with Out-of-Town Settlements.

1 Case State Settled.

A total of \$23,008.38 was expended for Veterans' Aid during the past year. Of this amount 50% either has been, or will be reimbursed to the Town.

With the outbreak of the Korean War, a new War Allowance Act, Chapter 797, effecting Veterans' Benefits was passed by the General Court, and approved by the Governor on August 17th, 1950. In brief, this Act makes dependents of servicemen, or men who are recalled, or enlist in the armed forces, subsequent to June 25th, 1950, eligible under certain conditions, to receive financial aid from this department. It also makes eligible for Veterans' Benefits, any man who is discharged, other than dishonorably from the service.

With the number of young men now entering the service, more people, when in need of financial assistance, will be eligible to receive their aid through this department. In future years, the caseload of the department will undoubtedly increase in greater numbers than it has in the past. However, for the present, it is expected that increased employment will offset the number of new cases that we ordinarily might receive.

For details of expenditures and reimbursements of this department, see the Auditor's Report.

Respectfully submitted,

JOHN M. HAMILTON,

Director and Agent.

Report of Highway Surveyor

To the Honorable Board of Selectmen:

I hereby submit my annual report as Highway Surveyor for the year 1950.

In executing the obligations of my position, I have endeavored to maintain an efficient administration and have expended to the best of my ability the appropriation allotted the Highway Department.

All sidewalks and roads have had attention and repaired by patching and graveling where needed. All streets requiring oil have also been taken care of. All work done on such roads has been of a permanent nature. We have also installed several new pieces of drainage this year.

We have had to put in more time and use more men than usual cleaning up streets and cleaning drains because of the excessive amount of sanding which had to be done because of the past Winter's unusual amount of ice on the roads and sidewalks.

Several articles which were under the supervision of the Selectmen were carried out by the Highway Department, because of the small amount of money appropriated, no contractors submitted any bids to do this work, and so, the Highway Department did this work at a saving to the Town.

Through the efforts of the Highway Surveyor and the Board of Selectmen in urging the Department of Public Works, Providence Street, North Main Street and Canal Street were resurfaced at no cost to the Town, which amounted to a saving of approximately \$85,000.00 to the Town. Similar projects are being urged for the coming year which will take care of the business sections of the Town.

On the Chapter 90, Riverlin Street projects, we have completed approximately 4,500 feet of road this year and have also put in drainage for this section. Another portion has been prepared for further work which we expect to do in 1951.

All equipment has again been thoroughly overhauled and painted by the Highway Department. This repeated painting of equipment is made necessary by the fact that the equipment has no proper garage to house this equipment, making more repairs necessary than it would otherwise need.

This year we purchased two sets of forms to make guard rail posts, which has been a saving of approximately \$1.75 per post by making them ourselves.

As Highway Surveyor, I have tried to perform my duties to the satisfaction of you people of the Town of Millbury, and greatly appreciate the assistance and cooperation of all Officials and Citizens.

Respectfully submitted,

LEVI J. CHASE,
Highway Surveyor.

MILLBURY HIGHWAY DEPARTMENT

Tools and Equipment

8 Lanterns	1 Cross Cut Saw

FRED H. VULTER,

Chief of Police.

Report of the Board of Public Welfare

To the Selectmen of the Town of Millbury :

The report of the Charlton Home Farm Association will be found on another page of this book.

For details of the expenditures and reimbursements of this department see Auditor's report.

During the year a total number of 382 cases representing 627 persons were aided under the following catagories as listed below:

TEMPORARY AID:

- 70 cases with Millbury Settlements.
- 15 cases with No Settlements (State)
- 16 cases with Out-of-Town Settlements.
- 35 cases with Millbury Settlements living elsewhere.

OLD AGE ASSISTANCE:

- 142 cases with Millbury Settlements.
- 36 cases with No Settlements (State)
- 29 cases with Out-of-Town Settlements.
- 19 cases with Millbury Settlements living elsewhere.

AID TO DEPENDENT CHILDREN:

- 20 cases representing 78 persons.

Our General Relief caseload consists of needy cases of the following types: persons not old enough for Old Age Assistance; non-citizens; chronic and temporary illness; physical handicap; deserting or non-support; incompetency; insufficient wages; unemployment.

In October the Old Age and Survivors Insurance benefits were increased which enabled us to close some of our OAA cases, and many other cases in receipts of OASI were decreased because of the increase in their OASI grants, and this is one of the reasons why we had a balance in this year's appropriation.

There will be a great increase in assistance and increase in our rolls if the proposed changes in OAA go into effect June 1st. eliminating the responsibility of the children for their aged parents and the dropping of the age from 65 to 63, also the eliminating of the requirement of citizenship.

Respectfully submitted,

ALBERT F. DESPARD, *Chairman*
DONALD R. PERKINS, *Clerk*
THIRBURSE J. MILLOTT
CHARLES STOCKDALE
ROBERT LEBEL

Report of Engineers of the Fire Department

To the Board of Selectmen:

The Engineers appointed by your board met and organized as follows:

William D. Horne—Chief.

Kenneth Army—First Assistant and Clerk.

Richard F. Gillert—Second Assistant.

During the year Number 1 Company answered 32 bell alarms, 25 still alarms and 15 false alarms. Number 2 Company answered 31 bell alarms, 19 still alarms and 17 false alarms. Number 3 Company answered no bell alarms.

Our fire loss is as follows:

Value of buildings	\$47,500.00
Loss on buildings	5,483.00
Insurance on buildings	20,200.00
Insurance paid on buildings	4,183.00
Value of contents	12,900.00
Loss on contents	2,516.00
Insurance on contents	5,000.00
Insurance paid on contents	916.00

The equipment of the Fire Department consists of the following:

Number 1 Company—One American La France Triple combination 750 gallon pumper, 2,550 feet of $2\frac{1}{2}$ inch hose, 500 feet of $1\frac{1}{2}$ inch hose, 100 feet of $\frac{3}{4}$ inch booster pump hose, one $2\frac{1}{2}$ inch double gate, one $1\frac{1}{2}$ inch double gate, 3 nozzles for $2\frac{1}{2}$ inch hose, three $1\frac{1}{2}$ inch nozzles, 100 feet of $\frac{1}{2}$ inch hose, two oil lanterns, 3 electric lanterns, 12 rubber coats, 14 helmets, 2 acid chemicals, four pump cans, one E. & J. resuscitator, two pair of boots, one axe, one C. O. 2 extinguisher, one first aid kit, two sets of right and left couplings, one five inch adapter, one, five inch double adapter, one twenty-four foot aluminum ladder, one fourteen foot roof ladder, twenty-five gallons liquid foamite and one foamite nozzle.

Number 2 Company—One American LaFrance triple combination 750 gallon pumper, 2,700 feet of $2\frac{1}{2}$ inch hose, 700 feet of $1\frac{1}{2}$ inch hose, 200 feet of $\frac{3}{4}$ inch booster pump hose, two $2\frac{1}{2}$ inch double gates, one $1\frac{1}{2}$ inch double gate, four $2\frac{1}{2}$ inch nozzles, two $1\frac{1}{2}$ inch nozzles, one fog nozzle, one rubber blanket, 14 rubber coats, 14 helmets, five $2\frac{1}{2}$

gallon acid extinguishers, one C. O. 2 extinguisher, one deck gun, two first aid kits, two gas masks, three axes, four electric lights, one cable cutter, 10 pounds of soda, two gallons of acid, one pump can, one crow-bar, one door opener, two sets of 2½ inch right and left couplings, one plaster nozzle, one pipe pole, 4 hydrant wrenches, one cellar pipe, one coupling replacer, one gas shut-off wrench, one hydraulic jack, five ladder straps, seven spanners, one blinking light, one—twenty-four foot extension ladder, one—twelve foot roof ladder, and fifty feet of rope.

Number 3 Company—One Ford Combination Hose and Pumper, (350 gallon booster tank), 1,500 feet 2½ inch hose, 100 feet 1½ inch hose, 200 feet 1 inch hose, one C. O. 2 extinguisher, three 10 foot lengths suction hose, 1 round strainer, one 2½ inch suction connection, 11 pump cans, one 30 foot aluminum extension ladder, one 14 foot aluminum roof ladder, one 10 foot aluminum pole ladder, 6 pair boots, 11 rubber coats, 2 gas masks, 12 helmets, 1 first aid kit, 1 pike pole, 1 axe, 1 crow bar, 4 flash lights, 1 flare light, three 2½ inch nozzles, one 1½ inch nozzle, one 1½ inch fog nozzle, one applicator, 2 hydrant wrenches, one 2½ siamese, one 1½ inch siamese, 4 spanner wrenches, 1 battery charger, 1 (2 H. P.) siren, and 1 cabinet heater.

Number 4 Company—One Seagrave 65 foot Aerial Ladder, one smoke mask, one inhalator, 2 foam type extinguishers, 1 Miller pump can, 1 Ansur dry chemical, three electric lanterns, 150 feet of ¾ inch hose for booster pump, 300 feet of 2½ inch hose, four rubber coats, one first aid kit and one electric lighting system.

Number 5 Company—One Stewart Forest Fire truck, one 2½ gallon extinguisher and twelve pump cans.

Each Company consists of 12 regular men, and two substitutes. Ladder truck company consists of four men. The engineers have made inspections of hotels, taverns and rest homes and found them in good condition.

The fire loss for 1950 is one of the smallest in the town's history. Most credit is due to the people becoming more fire minded. Please co-operate with the fire department as in the past and see if we can still reduce our fire loss. By so doing, we can keep our insurance rate down. As it is, we have the lowest possible insurance rate now. Let us keep it so.

MAKE EVERY DAY FIRE PREVENTION DAY.

Respectfully submitted,

WILLIAM D. HORNE, *Chief,*

KENNETH L. ARMY, *1st Asst.*

RICHARD F. GILLERT, *2nd Asst.*

Board of Fire Engineers.

REPORT OF THE FOREST FIRE WARDEN

This department consists of a Warden and eight Deputies. This year I was called to 41 brush fires, 16 grass fires and 12 dump fires.

For equipment, I have on hand—twelve 2½ gallon chemicals, 27 water pump cans, 20 pounds of soda, and ½ carboy of acid.

No fire should be started without a permit, as you are subject to arrest by doing so.

Six new pump cans and three hundred feet of hose were purchased this year.

Respectfully submitted,

WILLIAM D. HORNE,

Forest Fire Warden.

Report of Millbury Public Library

To the Selectmen of Millbury:

We herewith submit our annual report for the year of 1950, the Librarian's report is herein included.

To the Trustees: As Librarian of the Millbury Public Library I submit the following report.

The Library has been open 322 days during the year.

The number of books bought during the year totaled 1062.

The classification of the circulation is as follows:

Fiction 19,865

Juvenile 7,221

Non-Fiction 3227

Magazines 1133

The total circulation for the year is 31,446.

A large number of books for school use were added this year.

The annual May party was given at the Library for the children who had completed the reading of twenty books prescribed by the state. Moving pictures were shown and refreshments were served. Prizes were given to the children holding two large certificates.

I wish to express my sincere appreciation for the donations received from the following people:

Decorations throughout the year Miss Ellen Leary.

An oil painting Miss Margaret Duggan.

A display of pastel drawings by the pupils of the 8th grade.

Christmas drawings Clara O'Neil.

Books of non-fiction Mr. Rosario Tessier, Mrs. Eugene DeRosier, Mr. P. M. Carter and the Millbury Woman's Club.

Books of fiction Mrs. Radley Sheldrick, Mrs. Ethel Fisher and Mrs. Edward F. Hull.

Books for juvenile reading Mrs. Fred Read and Mrs. Alfred Pineau.

Magazines, Mrs. Gordon Henshaw, Dr. E. O. Angell, Mr. Warren Harris and the Millbury Society for District Nursing.

(Signed) LAURA E. PALETTA,
Librarian.

REPORT OF TREE WARDEN

Millbury, Mass., December 31, 1950.

To the Honorable Board of Selectmen of the
Town of Millbury:

I hereby submit my report as the Tree Warden of the
Town of Millbury.

During the past year I have cut down a number of dangerous trees, and did a great deal of trimming of trees and brush on the highway.

The recent high winds and hurricane did great damage to the trees and there is still considerable work to be done on them.

Sincerely,

EDWARD F. ROACH,
*Tree Warden of the
Town of Millbury.*

DENNIS L. KELLIHER,
M. PEARL LACOUTURE,
CHAUNCEY C. FERGUSON,
Trustees.

Report of Tree Warden, Gypsy Moth and Elm Beetle Superintendent

To the Honorable Board of Selectmen:

I hereby submit my report as Gypsy and Brown Tail Moth and Elm Beetle Superintendent of the Town of Millbury.

Elm Beetle have been raising havoc this past year, our only means of control is to keep the remaining Elms as healthy as possible by constant care and spraying, this is only preventive work but in the long run will cost much less than paying for the removal of every elm tree if we let them all die; at best the cost will be tremendous but well worth it if we keep even most of our elms healthy and alive for the day when the cure is known.

The Gypsy and Brown Tail Moth situation should be kept under close surveyance to prevent spreading of this disease.

Respectfully submitted,

FRANK A. MAZZEO,

Moth and Elm Beetle Supt.

To all Mayors, Selectmen, Finance Boards, and Moth Superintendents of Worcester County:

In reference to the attached sheet of liability notification we offer the additional information.

Due to the present very light infestation of Gypsy Moth throughout Worcester County, we have recommended for Gypsy Moth appropriations the minimum liability as specified by statute. In any case where a local Moth Superintendent requests an appropriation greater than our recommendation the question should be decided by the local officials, keeping in mind that the local Moth Superintendent is often called upon to do additional spraying, etc. which is not reported to this Department. In other words the local superintendent may be fully justified in requesting an appropriation considerably above our recommendation.

January 1, 1951.

Every informed tax-payer of the Commonwealth knows by now that we have again been attacked by a vicious enemy—the Dutch elm disease. Millions of words have been broadcast on the subject, but one question still predominates—what can we do about it?

Let's be honest—no definite cure is known at this moment. Science and research are making every effort to discover a cure, but until that answer is available, should we sit idly by and let our elm trees go as the chestnuts did? Or should we make an effort to hold the fort with the ammunition we have?

Our only means of control right now is to keep the remaining elms:

1. As healthy as possible, by constant care in pruning and spraying.
2. Immediate removal and destruction of every condemned tree.
3. Destroy all elm wood of any description, trimmings, branches or cordwood lying on the ground.

Yes, this is only preventive work—but in the long run will cost much less than paying for the removal of EVERY elm tree if we let them ALL die. At best the cost will be tremendous but well worth it if we keep even most of our elms healthy and alive for the day when the cure is known.

This is your State
These are your elms
You have a share in the battle
With the BEST we know, let's
Do the BEST we can.

Report of Board of Health

Millbury, Mass., January 6, 1951.

To the Honorable Board of Selectmen:

We hereby present the annual report of the Board of Health for the year 1950.

The following cases of the contagious diseases were reported:

Chicken Pox	158
Dog Bite	25
German Measles	47
Measles	4
Mumps	80
Scarlet Fever	12
Tuberculosis Pulmonary	3
Tuberculosis, Other Form	1
Whooping Cough	76
Syphilis	4

On January 1, 1950 we had two (2) patients at the Worcester County Sanatorium and one (1) was admitted and one (1) was discharged, leaving two (2) as of December 31, 1950.

Two (2) were admitted at Lakeville Sanatorium from May to December and one (1) was discharged leaving one (1) as of December 31st.

We have taken many children and adults to Worcester County Sanatorium for chest x-rays. We have licensed two (2) boarding houses for the aged and one (1) for young children. All homes have been approved by the State Board of Health.

All contagious diseases must be reported whether you have a doctor or not. We greatly appreciate the co-operation the parents have given us during the past year.

Respectfully submitted,

Millbury Board of Health,

A. A. BROWN, M.D.

M. M. HENNEBERY, D.M.D.

LOUIS H. BALLARD, *Agent.*

Report of Inspector of Wires for 1950

To the Selectmen:

I respectfully submit my report.

I have had 209 requests for inspections, 58 of these requests I have had to make 2 to 4 inspections.

I have travelled 1,216 miles in making these inspections.

The above report does not include the 25 veterans' houses, each of these houses will require 3 inspections.

We have had one fire caused by defective wiring this year.

Respectfully submitted,

WENDELL P. JONES,

Wire Inspector.

Report of Dog Officer

To the Honorable Board of Selectmen:

I hereby submit my report as Dog Officer of the Town of Millbury.

Stray dogs picked up, kept 6 days and destroyed	26
Stray dogs picked up, kept 14 days and destroyed	
after having bitten persons	1
Complaints of residents investigated	15
Complaints of dogs worrying or killing livestock	2
Dog bite cases investigated and dogs quarantined	27
Dog damage to livestock paid from County Dog Fund	\$105.75
Dog Officer expense paid from County Dog Fund	7.20
Reward of \$10.00 paid by County for killing dog found in act of killing poultry	1

I have filed with the Town Treasurer 27 certificates for which the Town of Millbury has been reimbursed from the County Dog Fund.

To the Citizens of the Town of Millbury:

Please license your dog and put the tag on the dog's collar. If your dog is lost or injured he will be returned to you, or you will be notified. If you no longer want your dog have it destroyed humanely, don't turn it loose.

RUFUS W. COLBY,
Dog Officer.

Report of Millbury Housing Authority

February 7, 1951.

To the Honorable Board of Selectmen:

We the members of the Millbury Housing Authority, hereby submit our annual report for the year 1950.

Following the Town Election, the members of the Board met on February 8th, 1950, for the purpose of organizing and reviewing contracts and commitments made by the previous Board.

Officers of the Authority were elected as follows:

John M. Hamilton, Chairman

Richard J. Dwinell, Vice-Chairman

William J. Gibson, Treasurer

William E. Russell, Assistant Treasurer

Anthony J. Leclair, Secretary pro tem

Most of the preliminary work had been completed. The site and plans had been selected and approved. Warren G. Harris had been approved Legal Advisor, and the Olmsted Brothers of Brookline, Mass. were the architects. Application for financial assistance had been submitted, based on architectural and engineering estimates.

It was thus the responsibility of the new members to expedite the building of the project.

Late in February the State Housing Board approved the application for financial assistance, and the Authority appointed the Second National Bank of Boston as its fiscal agent to handle the sale of notes.

Bids were requested and the lowest bid was submitted by Salomon & Hutzler Company of New York. The notes were sold to this company at a net interest rate of .739 of 1%.

One of the first actions taken by the Board when the money was received was to repay the Town of Millbury \$300 that was loaned the Authority for preliminary expenses by a vote taken at a special Town Meeting in June of 1949.

At approximately the same time as the money was received, bids for the general construction of the project were requested. They were publicly opened in the Town Hall on April 5th, 1950, and of the 8 received, the R & S

Construction Company of Boston submitted the lowest, in the amount of \$253,992.60. This amount included the three lowest sub-bids for plumbing, heating and electrical work, which totalled \$47,275.60.

Sub-contractors submitting the lowest bids were:

For heating—Belanger & Son of Cambridge, Mass.

For plumbing—Willis DeWolfe of Worcester, Mass.

For electrical work—The Reliance Elec. Co. of Worcester, Mass.

The plans called for construction of 13 four-room and 12 five-room Cape Cod style cottages to be located on a 5 acre tract of land on Grafton Street, formerly the property of Wesley Howe. The houses were to be of wood, built on concrete foundations, fully insulated, equipped with electric ranges and refrigerators, Timken hot water heaters, of 125 gallon capacity, and heated by Lenox forced warm air furnaces.

Work on the project began early in May. The late Mr. Frederick Beaudoin was appointed "Construction Clerk". It was his responsibility to see that the work done by the contractors was in complete accordance with the plans and specifications. Mr. Richard N. Kenary was appointed "Executive Director". His work was that of administration.

In June the Authority was forced to ask the Town's people for financial aid. The original plans called for construction of individual septic tanks for sewerage disposal. The State Department of Public Health, after reviewing the plans, sent their engineers to Millbury to make soil analysis and percolation tests at the project site. As a result of these tests, they informed the Authority that it could not continue with the original plans, and strongly advised that a central system be installed, consisting of a septic tank with a capacity of 7,800 gallons, an 800 gallon dosing tank, and sand filter, bed of approximately 10,000 square feet.

With the construction of such a system, it would be necessary to build an effluent drain on Grafton Street, with an outlet emptying into the Blackstone River to carry away excess water. This water would be clear, since it would have been completely filtered before passing into the drain.

The Authority could not legally use any of its funds for construction outside the property limits. It had no alternative but to turn to the Town. The Town's people were

most co-operative, and \$3000 was raised and appropriated for the job. Estimates were then received by the Authority, and in view of the amount of rock that had been encountered on the project itself, it appeared that the job could not be done for less than \$3500.

With this in mind, the Authority requested bids for materials from local dealers, and from dealers in surrounding cities and towns. The Authority then purchased the materials, and the Highway Department, under the direction of Mr. Chase, was requested to do the work. A considerable amount was saved by completing the work in this manner. We are pleased to report that the job was completed at a cost of \$2,461.78.

In August all veterans of the Town were notified by letter and by newspaper to apply for the housing units, if they were interested. The original applications that had been received did not contain sufficient information for the selection of tenants. A specified time was given for those who wished to apply. Within that time over 40 veterans applied for units, and since then another 25 have indicated their desire to obtain living quarters on the project.

During the latter part of December, the first 10 units were sufficiently completed to allow occupancy. On December 30th the Authority accepted these units, subject to a final inspection when the project is completed. 10 Families had been selected prior to the acceptance of the cottages, and these families moved into the project on that day.

Late in December, following a short illness, Mr. Frederick Beaudoin, our "Construction Clerk", passed away. The members of the Board deeply regret his death. His ability, loyalty and integrity were among our greatest assets.

At this time it is expected that the remaining units will be accepted on, or before, the 15th of February 1951. All the houses will receive another outside coat of stain and paint in the Spring. Work on landscaping and sidewalks will be started as soon as the weather permits. The road on the project has already been paved with black-top.

As members of the Authority we take deep pride in our Housing Project. We feel that it has been well designed and soundly constructed, and when completed, will be a credit to the people of Millbury.

In conclusion, we wish to extend our thanks to Mr. William D. Horne for his assistance with tests made by the

State Department of Public Health; to Mr. E. Paul Harris for use of his air compressor, in the construction of the effluent drain; to Mr. Levi Chase and members of the Highway Department; to the Board of Selectmen, and the Town's people in general for their excellent co-operation and support.

Respectfully submitted,

JOHN M. HAMILTON
RICHARD J. DWINELL
WILLIAM J. GIBSON
WILLIAM E. RUSSELL
ANTHONY J. LECLAIR

Board Members.

RICHARD N. KENARY

Executive Director.

In Memoriam

WILLIAM M. KINNIERY

November 7, 1950

Graduated at the local high school, 1920

Graduated with Bachelor of Arts Degree at Holy Cross College,
1924.

Teacher and Principal at Burbank School, 1932-1939.

Teacher at High School, 1939-1950.

To his pupils he gave generously with a sincere interest, a kindly patience and a sympathetic understanding; to all who knew him he left the memory of his sincere appreciation, his dauntless courage and true loyalty.

Report of School Committee

To the Citizens of Millbury:

Your School Committee herewith submits the annual report for the school year ending December 31, 1950.

Routine repairs and improvements on the school property during the year are listed in the report of the Superintendent of Schools.

In joint meetings with the Building Committee the School Committee planned with the Architect and the Educational Consultant the building of the new High School. Preliminary plans are ready to be presented to the State Building Commission. Once these plans are approved by the Commission they may be advertised for bids. Provided no more restrictions on the use of building materials are imposed by the Federal Government we should be able to proceed in the near future with the actual construction of the new Memorial High School.

The total cost to the town for the operation of the schools was \$137,327.32. This figure was made possible by refunds of \$56,666.53 to the town from the state.

The detailed financial statement follows:

SPECIAL APPROPRIATION STATEMENTS

Assumption School Fund

Appropriation	\$3,500.00
Rental	3,500.00

Windle Field Fund

Appropriation	\$1,200.00
Expenditures	1,199.33

Report of Superintendent of Schools

To the School Committee:

I respectfully submit my fourteenth annual report and the sixty-first in the series of reports of the Millbury School Superintendents.

The great problem facing our public school system at the present time is a shortage of classroom space. Two factors contribute to make the problem more critical each year. The first factor is the rapidly increasing enrollment, and the second is the difficulty of obtaining the necessary material and labor for the new buildings even when the money is available. Educators in all parts of the country are deeply concerned over the lack of classroom space and other educational facilities. The depression and the war practically put an end to the building of schools for several years. The United States Office of Education estimates that 20,000 public educational buildings have been contracted for during the past five years, but it also estimates that to take care of the needs of the schools we should have for the next ten years 25,000 new classrooms annually. These new classrooms would take care of the estimated increased enrollment, but would not allow for replacing out-moded and obsolete buildings.

Moreover, the Office of Education also estimates that the elementary grades of the nation have enrolled a million more children this year than they did a year ago. Besides, this increase is expected to continue at the rate of 750,000 annually for the next ten years. By 1960 this would mean an increase of 28% over the enrollment for the present year. Children born during the war years are just beginning to swell the population of the elementary schools.

For several years the Millbury School Committee has been concerned over the need of additional classroom space. The School Committee and the Building Committee have devoted many hours of consideration to this question and have evolved a plan for a new high school which will solve the problem in Millbury for many years to come. Manifesting their usual foresight and interest in our public schools the citizens of Millbury have enthusiastically accepted these plans and voted to expend the large amount of money necessary for their completion. The new school building will combine the best features found in standard senior high schools and trade schools. It will include eleven classrooms, science laboratories and lecture rooms, typewriting and stenography room, office practice and business machine room, storage space, together with ample facilities for industrial arts and domestic science, a library, visual education room, a nurses' office and clinic room, toilets, teachers' rooms, offices for the Superintendent and Principal, an adequate cafeteria, a large auditorium, a gymnasium.

The building of a new high school will also relieve over-crowded conditions which exist in all our elementary schools. This will be accomplished by:

1. Transferring pupils from present junior high school building (grades 7-8) to upper floor of present high school
2. Discontinuing use of Assumption Parochial School (4 rooms on the top floor of building are rented for public school use by the Town of Millbury at a cost to the Town of \$3500 per year)
 - a. Transfer these pupils to four rooms in present junior high school building.
3. Discontinuing use of West Millbury School
 - a. Transfer pupils of first five grades to Burbank School
 - b. Transfer pupils of sixth grade to present high school building

4. Centralizing 5th and 6th grades from school buildings having less than 5 rooms

- a. 5th grades to present junior high school building
- b. 6th grades to present high school building.

By making these changes, it will be possible for us to maintain single grades in all our elementary schools where it is now necessary for us to have overcrowded double grades. It will also enable us to allow for growth in the outlying schools where the population is rapidly increasing because of new housing developments. Once the new high school is completed there will be no further problem of classroom space in Millbury for many years to come.

Ordinary repairs and improvements on school property during the year included the following: painting, puttying, cementing cracks, and replacing water pipes at the East Millbury School; replacing worn-out desks with thirty new all-steel Hammett desks at the same school; laying asphalt and installing thirty Hammett desks at the Dorothy Manor School; building new concrete porches at the Burbank School; major repairs to the furnace and roof of the Providence Street School.

Horace Mann Pupils

During the year the following pupils were added to the Horace Mann list in the Millbury High School:

Marion Anderson
Jessie Credit
Nancy Milliken
Marji Shaw
Jean Shea

Changes in Teaching Staff

APPOINTMENTS

<i>Name</i>	<i>School</i>	<i>Date</i>
Thomas Hamilton	High	Sept. 6, 1950
Adrienne Lachapelle	High	Nov. 29, 1950
Shirley Caisse	East Millbury	Sept 6, 1950
Mary Chappell	Supervisor	Sept 6, 1950

RESIGNATIONS

<i>Name</i>	<i>School</i>	<i>Date</i>
Joseph Kenneally	High	June 23, 1950
Michael Trychon	Burbank	June 23, 1950
Virginia Lacouture	East Millbury	June 23, 1950
Eleanor Hamilton	Supervisor	June 23, 1950

Reviewing another successful school year we wish to thank all those who have contributed to this success—the parents for their ever cheerful and understanding cooperation with the teachers, the teaching staff for its kindly and efficient zeal, and the School Committee for its constant interest and helpfulness in all school problems.

Respectfully submitted,

WILLIAM D. SHEA,

Superintendent of Schools.

REPORT OF MR. STEPHEN BEATON, HIGH SCHOOL PRINCIPAL

The attendance in the high school at the beginning of this school year showed a marked gain over that of the past five years. We had an opening day attendance of 353 which was approximately twenty more than the opening day attendance of the past five years. This gradual rise can be expected for the next ten years due to the growth of the town, and may conceivably reach the 1943 high of 394 students by 1960—but what about the abnormal birth rate of the war and post-war years which should begin to be noticeable by 1960, according to the expectations of our statisticians? Is our new high school being built with this in mind?

While on this subject I would like to call to the attention of the School Board, the Building Committee, and the public, a pamphlet published in June, 1950, by the State Department of Education, entitled, "The Evaluation of Secondary Education in Massachusetts". In this pamphlet the needs of youth and secondary education in Massachusetts were outlined. The following are a few excerpts from this pamphlet:

"The high school in your community was created and organized to discover, to understand, and to meet the needs of the youth it serves. The extent to which the school actually meets these needs indicates the value it places upon its efforts in trying to solve the varied problems of its boys and girls.

"Basically, a secondary school should be judged on the extent to which it meets the educational needs of ALL of the pupils who attend it. The important word here is all. This means that the good secondary school not only meets the needs of students who intend to continue their education in college but also of students who will go to work immediately after graduation.

"An educational need is something desired or something lacking in a pupil which can be supplied by the school. The responsibility of the good secondary school includes the discovery of these needs whether or not the pupil is aware of them."

I chose these excerpts because they point to three of the most serious needs in our present high school, and with the hope that these needs will be amply taken care of in the new high school. The needs to which I refer are: First, an adequate vocational education department, where a boy or girl may learn a trade, or if not a trade, at least the preparation for entrance into employment opportunities known to exist in this community and area; Second, I refer to proper physical education for boys as well as girls, which, at this time, is practically non-existent; Third, I refer to a guidance department, the lack of which is sorely felt at the present time. It is the specific duty of this department to discover the pupil's individual needs whether or not the pupil is aware of them.

Three changes occurred in our faculty this fall. The first change, Mr. Thomas Hamilton, a former graduate of Millbury High School, who graduated from Holy Cross in June, was hired to fill the vacancy in the English department which took place when Mr. Joseph Kenneally accepted a position in the Worcester school system. The second change occurred in the physical education department due to the resignation of Mrs. John Hamilton. This opening was filled by Miss Mary Chappell, a graduate of Boston University School of Physical Education (Sargent). We welcome Mr. Thomas Hamilton and

Miss Mary Chappell to our staff and wish for them, Mrs. John Hamilton and Mr. Kenneally, happiness and success. The third vacancy occurred due to the sudden death of our beloved friend and fellow teacher, Mr. William Kinniery. His remembrance will long be a cherished memory to both pupils and teachers. The vacancy which occurred by Mr. Kinniery's death has, at this writing, not been filled.

The prizes awarded annually to the members of the senior class were presented to the following students: Miss Elizabeth Brady, the Massachusetts' Society of the Sons of the American Revolution Award for the highest average in American History; Miss Beverly Cofske, the Millbury Woman's Club Scholarship Award of one hundred dollars; Miss Pearl Ethier, the Becker Junior College Scholarship Key for proficiency in commercial subjects; Miss Doris Graves, the Good Citizenship Certificate, given by the Daughters of the American Revolution.

Millbury High School was once again approved in Class "A" by Mr. A. Russell Mack, Supervisor of Secondary Education.

A successful year was enjoyed by our clubs and organizations under the fine guidance and leadership of the following teachers: Boys' Athletics, Mr. Martin Roach; Girls' Athletics, Mrs. John Hamilton; The French Club, Miss Helen Brown; the Science Club, Mr. Thomas McGinn; The Biology Club, Mr. Richard Kenary; The Junior Red Cross, Mrs. Frances Cofske and Mr. Raymond Shaw; The Reflector, Mr. Joseph Kenneally; The Dramatic Club, Miss Margaret Marlborough; The Glee Club, Orchestra and Talent Group, Miss Katherine Bowe; Public Speaking, Miss Mary Harris and Mr. Raymond Shaw.

I would like to thank the parents of the high school pupils once again for their fine spirit of cooperation, as exemplified in our better than 95 percent attendance for the year 1949-50.

REPORT OF MISS MARY J. CHAPPELL, SUPERVISOR OF PHYSICAL EDUCATION

Physical education is an important part of any school curriculum for it develops the body, physically and mentally and it also encourages good habits of competition which will make the participants useful additions to their community in future years.

In the elementary grades the program is varied according to the age levels. Different activities are required because of the various needs of the children at this time. The program consists of exercises, including the basic motor skills, games of low organization, rhythmic activities, relays, and folk dancing. This year so far, due to the weather, most of the program has been outdoors which is fortunate because of the fact that all the elementary schools do not have adequate facilities to teach a sufficient program of physical education indoors. However, all the schools have adequate playgrounds to give a sufficient outdoor program.

In the high school the most popular sports are field hockey and basketball. For the first time in three years the girls will be competing on an interscholastic level in basketball. The program in the classes at the high school are varied, consisting of Swedish and Danish gymnastics, games of high organization, relays, and folk and ballroom dancing.

Physical education is indeed now of great importance because of the world crisis we face today. Because of this, first aid is a worthy addition to the curriculum at the high school.

REPORT OF MISS ROSE B. NERI, SUPERVISOR OF HOME ECONOMICS

The "Modern Miss" is a very charming and well groomed young lady. Her limited expenditure of money leads her to the ever growing trend of "make-your-own". To be able to sew is important to every girl. Sewing is instructive in making purchases; it develops an intellect for style, line, merchandise and practicability.

Basic hand stitches are essential to the skillful seamstress; therefore, the beginners in the seventh grade are given a thorough training in hand sewing. They are also taught several of the ornate stitches. All the stitches that they learn are used in making a sewing bag, pincushion, needle case and small household article. There is immeasurable stress in the correct selection of sewing equipment and its proper care and use. The latter part of the year is devoted to a complete understanding of the foot treadle sewing machine—knowledge of its many different parts and practice in its operation.

The foot treadle and electric sewing machines are used interchangeably in the eighth grade. The girls begin the actual machine stitching by making the fundamental seams and some of the decorative seams used in advanced dressmaking. The three projects for this year are an apron, a lingerie garment and a cotton dress. The commercial pattern is used in making these garments; but first, the girls secure a comprehensive knowledge of the pattern; they learn to read the symbols which appear on the pattern, and they learn to alter it to their individual measurements if necessary.

The senior high school girls progress gradually to intricate tailoring. The basic processes in sewing come natural to them, now; so, they are ready to endeavor such problems as varied types of garments and varied fabrics. They learn modern methods used to simplify construction and to attain professional results. A major aim is to teach individually the difference in personalities and, in planning a wardrobe, to successfully adapt color, line and style to her own personality.

REPORT OF MR. WILMAR H. ELA, SUPERVISOR OF INDUSTRIAL ARTS

Industrial Arts is a phase of the general education program concerned with orienting individuals in the industrial aspects of life in a democratic society. Orientation is sought through study, planning and construction experiences in the shop. The purpose of these experiences is to enable the pupil to deal more intelligently with consumers' goods, to be more proficient producers, to use leisure time more effectively and enjoyably, to have a greater appreciation of the material culture, and to act more intelligently in regard to matters of health and safety especially as it affects his future life program.

The industrial arts program in the Millbury Schools consists of three phases which are closely related: they are Woodwork and Home Mechanics for the Junior High School pupils, Woodwork and Mechanical Drawing for the High School pupils.

Knowledge and a degree of skill in the rudimentary tool processes are acquired in the Junior High School shop along with the ability to service and maintain the ordinary domestic appliances and utensils.

General and specific knowledge and skills relative to materials, projects and machines are to be found in the work shop of the High School pupil.

The objective of the course in Mechanical Drawing is to have the pupil achieve the ability to express ideas in drawing and design and to interpret accurately the drawings of others.

The pupils in the Industrial Arts course develop an appreciation of the value and fitness of tools and machines, and also show an interest in being cooperative, responsive and trustworthy in their work.

REPORT OF MISS KATHERINE M. BOWE, SUPERVISOR OF MUSIC

To be a satisfied and happy individual one must have some means of personal expression; certainly, music provides this means. Today a basic foundation in music is vital, whether it be for actual participation or intelligent listening.

In the elementary grades, music is a part of the daily program. I visit each school every three weeks and am happy to report that an excellent knowledge of fundamentals, theory and appreciation is instilled in the pupils. Most children love to sing. This past year many of the schools have been fortunate in having old books replaced by a new series and it is a great incentive to higher standards.

In the junior high school there are only two music periods a week; one of which I direct. Three-part music is taught and a general review and more advanced theory is the schedule.

The high school music course consists of an Orchestra and a Glee Club. The Glee Club, which is elective, is comprised of approximately sixty girls from the freshman, sophomore and junior classes. They are most enthusiastic and during our one forty-minute period each week more difficult harmonies, diction, enunciation and expression are diligently studied.

The Orchestra rehearses every Wednesday, third period. These boys and girls really enjoy music, and although the group numbers only eight at the present time, we are looking forward to a very pleasant and successful season.

REPORT OF MISS FLORENCE M. SCARPACI, SUPERVISOR OF ART

The elementary grade art curriculum consists of teaching the fundamentals of color harmony, design, and the recognition of the correct proportions of the human figure, animals and buildings. Our media here is crayon.

In the junior high school the art work is more individualized and we are able to further our study in color harmony, lettering and principles of design on a more advanced scale.

The eighth grades are enjoying a media new to them—pastels. They have also produced some lovely pictures in pastel.

I wish to express my sincere appreciation to Miss Leary for her splendid cooperation and untiring effort to maintain our high standard of work in art in the junior high school.

In the high school, our time is very limited and we are unable to accomplish as much as I would like. However, we did cover advanced color study, design and lettering. For Christmas we hope to paint stain glass windows, using the knowledge of the advanced color study, design and lettering.

REPORT OF ARTHUR A. BROWN, M.D., SCHOOL PHYSICIAN

The annual inspection of school buildings has been done and the examination, including the feet for defects, has been completed. Many of the pupils showed evidences of correction of past defects and of good dental care.

All students, boys and girls, are given extra examinations before being permitted to engage in competitive athletics, special consideration being given to the heart and possibility of hernias.

Examinations of children entering school this year were held in May at the East Millbury, Dorothy Manor, Burbank and Parochial (Union) Buildings. Seventy-nine vaccinations against small-pox were done at these examinations for the children with signed permissions.

REPORT OF MISS MAY A. STAFFORD, R.N., SCHOOL NURSE

The school health program continued during the year with definite objectives and aims and many of these have been accomplished.

The routine activities such as the annual physical examinations by the School Physician, eye testing, and weighing and measuring have been completed. Notices of defects found have been sent to the parents advising them to consult their family physician. The following defects were found:

Carious teeth	311
Hypertrophied tonsils	112
Nose	18
Skin	8
Major heart condition	4
Minor heart condition	31
Feet (arch) grades 1-8	133
Feet (arch) high school—girls ..	19
Feet (arch) high school—boys ..	21

CLINICS

Pre-School

Eighty-seven children were examined at the four clinics held in May and June, and through the co-operation of the Board of Health, children whose parents requested it were vaccinated. Parents attending these clinics have the opportunity to discuss with the School Physician about defects found.

Dental

The dental clinic, sponsored by the Board of Health and in charge of Dr. M. M. Hennebery, is held once a week. Thirty clinics were held from January 26 to December 14, 1950, and the following work was completed:

Permanent fillings	370
Temporary fillings	10
Prophylaxis	45
Treatments	10
Extractions (Permanent teeth) ..	7
Extractions (Temporary teeth) ..	24
Examinations	423

The responsibility of dental care should be the parents' duty, and each year parents do realize the importance of this work. Some parents think the only time for dental care is when the child has a toothache, but it is then too late to save that important six-year molar. As many children as possible are taken care of at the clinic, but there is not enough time to do all who ask for care. So we urge parents who can afford it to take their children to their family dentist. Each teacher cooperates in every way possible to have all of her pupils get a certificate. At the Union School two rooms had 100%—Miss Lindsay's first grade and Miss O'Brien's second grade; Miss Dunn's third grade had 98%.

Vision and Hearing

The eye testing is completed and nearly all defects have been taken care of. Through the proceeds of the eye-glass fund, seven children have had their eyes examined by a specialist and were fitted with glasses. In the future all eye testing will be done with our new Massachusetts Vision Chart, presented to the School Department and paid for from the Salvation Army Fund.

The hearing of all pupils will be tested very soon with our new Maico Audiometer. The use of these machines will be a definite improvement in testing the eyes and ears of all pupils.

Speech

There are still twenty-five children with some degree of speech defect. There is no available clinic for speech correction at the present time, but these children do get needed help from their teacher.

Tonsils

Financial assistance of the Kiwanis Club made it possible for five children to have tonsil operations.

The census of physically handicapped children has been taken and sent to the Department of Education and Public Health.

Our handicapped children have had much done for them this year. One child whose hearing was very poor, was sent to an ear specialist and a hearing aid was recommended. The instrument was purchased for her at the cost of \$75.00 and paid for from the Salvation Army Fund and the Kiwanis Club, each contributing one half of the cost. This child is attending the lipreading class held Saturday mornings in Worcester, and with the use of the hearing aid, not visible to others, she now hears what is said in the classroom.

Another child whose sight is very poor is to have sight-saving books to be used now, and at a later date, arrangements will be made to have him attend a sight-saving class.

At present we have three children, who are not able to attend our schools, attending the special school on Millbury Street, Worcester. This class is conducted by the State Department of Education. The children are taken to the school by their parents once a week for class and are being taught, by teachers trained for this work, to adjust themselves in many ways, such as playing with other children, listening to music, looking at pictures and recognizing various objects. Some of these children, who started last year, have now entered the public school. Mrs. Bacon of Boston and her assistant conduct this class.

Through the sale of Christmas Seals and Pins, four boys were sent to Sterling Health Camp for eight weeks.

During the year I have called on the Directors of the Salvation Army Fund for much assistance, and clothing, shoes, rubbers, dental work, Christmas toys, medical aid, all were paid for from this fund.

Periodical inspection for cleanliness and sanitary conditions has been made in all schools. Over three hundred home calls have been made, and fifty-four children have been taken home when they were too ill to remain in school. Again I ask parents to keep their children at home when they are not well.

As always there are slight accidents; those needing more attention than just first aid are taken home and referred to their family physician. We have had a large number of chicken pox cases that have disrupted the attendance records. The usual number of whooping cough, measles, and a few scarlet fever cases have been reported throughout the year. The general health of the children is excellent.

Health meetings have been attended during the year.

I wish to express my sincere appreciation for the new Maico audiometer and the Massachusetts Vision Chart as both these machines will help make the detection of hearing and vision defects easier and more correct.
